Society of the Sacred Heart

Walk this year's Lenten journey inspired by
the Society of the Sacred Heart's international JPIC calls
by joining us each Saturday through an online reflection group.

**Begins Saturday, March 2nd
with a self-paced virtual retreat:**

Transition into Lent through Generative Listening & Meditation

All input and reflection materials will be available online.

*Pace yourself and organize your day with the guidelines & materials we will post
as we together transition into the Lenten season.*

Each week of Lent will include reflections
that lead us to a deeper commitment to
Justice, Peace and the Integrity of Creation
in our everyday lives!

Inspired by the international JPIC meeting &
our priorities as United States-Canada Province:

**Care of our Common Home - Immigration - Racism –
Gender Equity – Power (use/misuse/abuse)**
